Invite to

Fourth Symposium

Advances in Obstetrics and Gynaecology

Łódź, 26-27th May 2011
Announcement

**Honourable Ladies and Gentlemen,
Dear Colleagues,**

We would like very cordially to invite you to participate in the fourth edition of Polish National Symposium „Advances in Obstetrics and Gynaecology” held under the auspices of Polish Gynaecological Association which have been organised for nine years for gynaecologists, obstetricians as well as nurses and midwives.

Symposia organized in the past years elicited vivid interest and high prize from participating physicians thus aiming to meet our Colleagues expectations we decided to prepare its fourth edition – in Łódź, 26-27th May 2011.

Currently presented fourth edition of Symposium, as during the previous editions, will be preceded by pre-conference workshops – on 26th May 2011.

We wish for the prepared meeting to present all participants with opportunity to update in this dynamically developing and thorough specialty, especially aimed at current state of the art knowledge about medical problems, with which physicians meet every day.

We are convinced, that it will be a time for discussion with the most distinguished specialists from Poland and prominent specialists from abroad, for settling arising queries and for better acknowledgment of currently binding clinical management schemes and systemic approach in a daily physician practice.

We trust that fourth edition of Symposium will become a perfect place to present newest achievements in obstetrics and gynaecology as well as interdisciplinary platform for sharing professional experience.

We invited the most renowned Polish specialists in given subspecialties to present their lectures.

We hope that you will take home from Łódź not only a precious knowledge but also many pleasant and unforgettable impressions and that the fourth Symposium will be an occasion to exchange experience, to hold interesting scientific discussions and to gain interesting social contacts.

Once more we warmly invite you to our meeting.

**The Chairmen of Organizing Committee
of Fourth PTG Symposium**

professor Przemysław Oszukowski
Perinatology and Gynaecology Clinic,
Instytut „Centrum Zdrowia Matki Polki” w Łodzi

**Vice Chairmen of Organizing Committee
of Fourth PTG Symposium**

Professor UM Piotr Sieroszewski
I st Department of Gynaecology and Obstetrics,
Uniwersytet Medyczny w Łodzi

Fourth Symposium Under the Honourable Patronage of

His Magnificence Chancellor of Medical University in Łódź
Professor Paweł Górski

Members of Scientific Committee of Fourth Symposium

Scientific Committee Chairman

professor Jacek Suzin
and
professor Piotr Kaczmarek
professor Jarosław Kalinka
professor Urszula Kowalska-Koprek
professor Przemysław Oszukowski
professor Piotr Sieroszewski
professor Krzysztof Szyłło

Organizing Committee of Fourth Symposium

professor Przemysław Oszukowski
professor Piotr Sieroszewski

Organizers of Fourth Symposium

Thursday 26th May 2011

(Draft Agenda)

Course venue:

Instytut Centrum Zdrowia Matki Polki
[Polish Mother's Memorial Hospital Research Institute]
ul. Rzgowska 281/289 · Łódź

Pre- conference courses

1. „Practical application of ultrasound in prenatal and Doppler diagnostics” – theoretical and practical parts

Course includes theoretical part and workshops – will be held in Instytut Centrum Zdrowia Matki Polki, Pawilon Pediatriczny, ul. Rzgowska 281/289, Łódź

Organizer of theoretical part and workshops are Sekcja Dydaktyki PTG and Sekcja Terapii Płodu PTG
The Scientific Head of Course - professor Piotr Sieroszewski
The Head of Course Organisation - professor Piotr Kaczmarek

Theory course

Program kursu będzie obejmował następujące zagadnienia:

11.00 – 11.10	Introduction. Welcome note – prof. P. Sieroszewski, prof. P. Kaczmarek
11.10 – 11.35	Assessment of first trimester pregnancy – prof. D. Borowski
11.35 – 12.00	Assessment of first trimester pregnancy – prof. P. Sieroszewski
12.00 – 12.25	Obstetric assessment of foetal heart – prof. P. Kaczmarek
12.25 – 12.50	Assessment of twin pregnancy – prof. M. Ropacka-Lesiak
12.50 – 13.15	Application of 3/4 D in obstetrics and gynaecology – prof. M. Pietryga
13.15 – 13.45	Coffee break

Practical workshops

Workshop - enabling performing of actual investigation under the surveillance of lecturers – number of participants restricted

14.00 – 16.00	E. Baś-Budecka, M.D., D. Wierzbička, M.D. professor D. Borowski, professor P. Kaczmarek Post 1 – I trimester (10 participants) Post 2 – II trimester (10 participants) Post 3 – III trimester (10 participants) Post 4 – Doppler (10 participants) Group rotation every 30 minutes
16.00 – 16.30	Lunch

2. Workshop on operational treatment of endometriosis

Course will be held in Instytut Centrum Zdrowia Matki Polki, Pawilon Położniczo-Ginekologiczny, ul. Rzgowska 281/289, Łódź

Organizer of the course is Endometriosis Section of PTG. Scientific and organizational Head of the Course - professor Krzysztof Szyłto. Operators:

- professor A. Malinowski, ICZMP Łódź
- dr M. Mangler, Gynaecology Clinic, Charité Medical University, Berlin
- professor W. Baranowski, Klinika Ginekologii, Warszawa
- professor M. Mueller, Department of Obstetrics, Gynaecology and Oncological Gynaecology, Bern
- professor K. Szyłto, ICZMP, Łódź

Course hours: 11.00 – 16.00

Course programme involves the following subjects:

- Laparoscopic treatment of endometriosis
 - ovarian (endometrial cysts)
 - peritoneal
 - deeply infiltrating

16.00 – 16.30 Lunch

Qualification for pre- conference courses depends on the date of symposium fee payment.

Friday 27 th May 2011

Venue:

Hotel Anel's Conference Centre - MANUFAKTURA
ul. Ogrodowa 17 · Łódź

Symposium agenda

Ballroom 1, fourth floor

8.00 Symposium Opening Ceremony

Endometriosis panel

Moderators: professor P. Oszukowski, professor K. Szyłto
8.30 – 8.55 History of investigations into endometriosis – professor J. Kotarski

Session I

8.55 – 10.30

Adenomyosis

Moderators: professor L. Marianowski, professor J. Markowska, professor A. Palatyński, professor M. Spaczyński, professor W. Szymański

08.55 – 09.10 Imaging diagnostics of adenomyosis – professor K. Sodowski

09.10 – 09.25 Is clinical diagnosis possible – professor P. Kamiński

09.25 – 09.40 Role of endometrial ablation in treatment of adenomyosis – professor J. Szamatowicz

09.40 – 09.55 Quality of life of women with endometriosis – professor V. Skrzypulec

09.55 – 10.10 The role of female organizations in health education regarding endometriosis – B. Kossakowska, Polskie Stowarzyszenie Endometriozy

10.10 – 10.30 Discussion

10.30 – 11.00 Coffee break

Session II

11.00 – 13.00

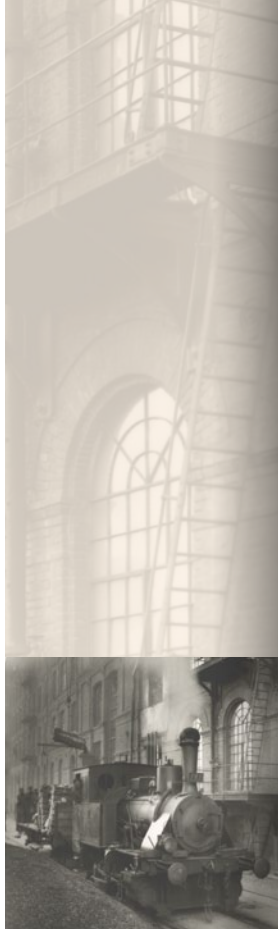

Deep infiltrating endometriosis

Moderators: professor A. Jakimiuk, professor T. Paszkowski, professor T. Rechberger, prof. A. Skręt, professor R. Spaczyński

11.00 – 11.15 The rationale for complete excision of deep infiltrating endometriosis – professor M. Mangler

11.15 – 11.30 Pain associated with extragenital endometriosis – professor G. Jakiel

11.30 – 11.45 Laparoscopic treatment of foci in rectovaginal septum – professor K. Szyłto

- 11.45 – 12.00 How to avoid severe complications during the resection of deep infiltrating endometriosis – professor M. Mueller
- 12.00 – 12.15 Adjuvant treatment following removal of foci of deep infiltrating endometriosis – professor J. R. Wilczyński
- 12.15 – 12.30 Deep infiltrating endometriosis – role of surgeon – professor A. Dzik
- 12.30 – 12.45 Deep infiltrating endometriosis – role of urologist – professor M. Sosnowski
- 12.45 – 12.50 Discussion
- 12.50 – 13.50 Lunch break

**Session III 13.50 – 15.10
Perspectives of endometriosis diagnostics and treatment**

Moderators: professor J. Jakowicki, professor J. Stelmachów, professor M. Szpakowski, professor B. Spiewankiewicz, professor A. Zdziennicki, professor K. Zeman

- 13.50 – 14.05 Why does it take so long for a diagnosis to be made after first symptoms? – professor J. Skrzypczak
- 14.05 – 14.20 Stem cells and endometriosis – professor A. Witek
- 14.20 – 14.35 The role of statins in treatment of endometriosis – professor L. Pawelczyk
- 14.35 – 14.50 Treatment endometriosis through influence on immune system – professor M. Gogacz
- 14.50 – 15.05 Use of robots in surgical treatment of endometriosis – professor R. Stojko
- 15.05 – 15.10 Discussion
- 15.10 – 15.40 Coffee break

**Session IV 15.40 – 16.50
Session under the patronage of Bayer company
Ovarian endometriosis**

Moderators: professor W. Bednarek, professor A. Olejek, professor J. Radwan, professor R. Smolarczyk, professor J. Woytoń

- 15.40 – 15.55 Ultrasound diagnostics – professor W. Sawicki
- 15.55 – 16.10 Conservative treatment – professor S. Radowicki
- 16.10 – 16.25 Should you suture the ovary following removal of endometria cyst – professor A. Malinowski
- 16.25 – 16.40 Prophylaxis of adhesions – professor W. Baranowski
- 16.40 – 16.55 Factors influencing ovarian endometriosis relapses – professor A. Starczewski
- 16.55 – 17.10 Presentation of Bayer company: Femininity without pain. Visanne® in therapy of endometriosis
- 17.10 – 17.15 Discussion
- 17.15 Closing of the session
- 17.15 – 17.35 Coffee break

Didactic panel

Moderators: professor R. Dębski, professor M. Gabryś, professor T. Pertyński, professor E. Waszyński, , professor J. Wilczyński

- Introduction: 17.35 – 18.05 professor P. Sieroszewski
Training system in obstetrics and gynaecology in UK – professor J. Thornton
- 18.05 – 18.35 Teaching structure and learning process in obstetrics and gynaecology – experiences from Scandinavia – dr H. Strevens MD PhD
- 18.35 – 18.45 Updates in training of specialist obstetricians and gynaecologists in Poland – professor S. Radowicki
- 18.45 – 18.55 Catalogue of presently binding specialist procedures in obstetrics – practical aspects – professor T. Opala
- 18.55 – 19.05 Catalogue of presently binding specialist procedures in obstetrics – practical aspects – professor J. Suzin
- 19.05 – 19.10 Courses and conferences in obstetrics and gynaecology – professor M. Wilczak
- 19.10 – 19.15 The role of PTG in postgraduate training – professor P. Oszukowski
- 19.15 – 19.20 Unification of theory, procedures and practical management during postgraduate specialist training – professor G. Jakiel
- 19.20 – 19.45 Discussion : professor M. Bidziński, professor M. Gabryś, professor A. Kwaśniewska, professor T. Ludański (Białystok), professor D. Nowakowska, professor S. Sajdak, professor P. Sieroszewski, professor T. Stetkiewicz

Ballroom 2, fourth floor

Obstetric panel – part 1

Moderators: **Diagnostics and prenatal therapy – part 1**
professor K. Czajkowski, professor K. Drews, professor R. Poręba, professor S. Radowicki, professor P. Węgrzyn

- 8.30 – 11.30 Turning the pyramid of prenatal care
Invited speaker: professor K. Nicolaidis (Kings College, London, UK)
- 11.30 – 12.00 COFFEE BREAK
- Moderators: professor A. Czekierdowski, professor B. Leszczyńska-Gorzela, professor M. Szamatowicz,
- 12.00 – 12.45 Foetal echocardiography for the obstetricians – Invited speaker: V. Zidere, M.D. (Kings College, London, UK)
- 12.45 – 13.30 Intrauterine treatment of the foetal tracheal occlusion – Invited speaker: professor J. Deprest (University of Leuven, Belgium)
- 13.30 – 14.00 Is there place for prenatal invasive diagnostic procedures? – Invited speaker: professor P. Calda (Karol University, Prague, Czech Republic)
- 14.00 – 15.00 Lunch break

HPV panel

Session under the patronage of MSD company

Moderators: professor A. Basta, professor M. Bidziński, professor J. Emerich, professor A. Karmowski, professor P. Knapp, professor Z. Kojs

- 15.00 – 15.15 Wide scope diagnostics in Population Programme of Prophylaxis and Early Diagnosis of Cervical Cancer – colposcopy, molecular tests – professor W. Kędzia
- 15.15 – 15.30 Gynaecological physical examination – standards of performance – professor M. Spaczyński
- 15.30 – 15.45 Vaccinations against HPV – professor E. Nowak-Markwitz
- 15.45 – 16.00 Immunological aspects of HPV infection in pregnant females – professor A. Karowicz – Bilińska
- 16.00 – 16.30 COFFEE BREAK

Obstetric panel – part 2

- Moderators: **Diagnostics and prenatal therapy – part 2**
professor Z. Celewicz, professor R. Kurzawa, professor I. Ulman-Włodarz, professor S. Wołczyński
- 16.30 – 16.45 What do we know about supplementation – professor A. Karowicz-Bilińska
- 16.45 – 16.50 Pharmaton Matruelle – a novelty in supplementation – dr Paweł Szepiel, Firma Boehringer Ingelheim
- 16.50 – 17.05 Novelties in prenatal biochemistry diagnostics – professor P. Sieroszewski
- 17.05 – 17.20 New ultrasound genetic markers in pregnancy – professor D. Borowski
- 17.20 – 17.35 Current scope of ultrasound foetal assessment in II/III trimester – professor M. Pietryga
- 17.35 – 17.50 Current ultrasound diagnostics of hypotrophy – professor M. Ropacka – Lesiak
- 17.50 – 18.05 Current clinical application of Doppler in second half of pregnancy – professor M. Dubiel
- 18.05 – 18.20 Intrauterine therapy in Poland. NIHF – diagnostics and treatment – professor P. Kaczmarek
- 18.20 – 18.35 Operations of open CNS foetal defects – professor A. Olejek

Satin hall, ground floor

PREBIC panel

- Moderators: professor J. Kalinka, professor C. Hobel, professor G. Krasomski
- 8.30 – 8.45 Welcome and introduction of the session – PREBIC in Poland – professor J. Kalinka
- 8.45 – 9.00 PREBIC goals – professor C. Hobel
- 9.00 – 9.15 PREBIC and global health – professor M. Meriardi
- 9.15 – 9.30 PREBIC achievements – professor R. Menon
- 9.30 – 10.00 COFFEE BREAK
- Moderators: professor B. Chazan, professor R. Menon, professor J. Oleszczuk
- 10.00 – 10.20 Spontaneous Preterm Birth: Unraveling the complexities of a complex phenotype – professor R. Menon
- 10.20 – 10.35 Enigma of Preterm Birth – professor M. Katz
- 10.35 – 11.00 Burden of Global Preterm birth – professor Ch. Howson

- 11.00 – 11.30 Epidemiology of Preterm Birth – M. Kramer
- 11.30 – 12.00 Panel discussion: professor Z. Celewicz, professor W. Hanke, professor M. Klimek, P. Krajewski, M.D., professor I. Maroszyńska, professor J. Oleszczuk, professor M. Ropacka-Lesiak, professor J. Sikora, professor K. Sadowski, professor P. Węgrzyn, professor J. Wilczyński
- 12.00 – 13.00 Lunch
- Moderators: professor J. Gadzinowski, professor A. Seremak-Mrozikiewicz, professor J. Wilczyński
- 13.00 – 13.30 Genetic determinants of preterm birth – prof. K. Ward
- 13.30 – 14.00 Clinical aspects of preterm birth – prof. C. Hobel
- 14.00 – 14.30 Can antibiotics prevent preterm birth of infectious etiology: what is the evidence? – prof. R. F. Lamont
- 14.30 – 15.00 Panel discussion: prof. K. Drews, prof. K. Czajkowski, professor K. Drews, prof. D. Nowakowska, prof. E. Gulczyńska, prof. M. Kinalski, prof. J. Kraczkowski, prof. A. Markowska, prof. S. Suchocki, prof. A. Torbe, prof. L. Wicherek
- 15.00 – 15.30 COFFEE BREAK

Discussion panel on cesarean section in current obstetric practice

- Moderators: **Current situation in indications and new operational techniques**
professor A. Karowicz-Bilińska, professor R. Poręba, professor M. Spaczyński, professor R. Czajka, professor W. Malinowski
- 15.30 – 15.45 Urological Complications – professor T. Rechberger
- 15.45 – 16.00 Caesarean section, CIN and cervical carcinoma – professor E. Markwitz-Nowak
- 16.00 – 16.15 Caesarean section and thrombotic- embolic complications – professor J. Kotarski
- 16.15 – 16.30 Perinatal hysterectomy- a new outlook – professor R. Poręba
- 16.30 – 17.00 COFFEE BREAK
- Moderators: **Complications in mothers and children following caesarean section**
professor U. Kowalska-Koprek, professor T. Pajszczyk-Kieszkiewicz, professor L. Marianowski, professor A. Reroń
- 17.00 – 17.15 Evolution of a caesarean section surgical technique – professor J. Sikora
- 17.15 – 17.30 Caesarean section in a pregnant subject with uterine myomas – professor T. Pajszczyk-Kieszkiewicz
- 17.30 – 17.45 Caesarean section in multiple pregnancy professor W. Malinowski
- 17.45 – 18.00 Complications in newborns following birth by Caesarean section – professor E. Gulczyńska

Participants of the conference are entitled to educational points.
21.30 Gala dinner in Toya Studios, ul. Łąkowa 29, Łódź
